EDUCATION

MSc. Logic

University of Amsterdam

📅 September 2024 – August 2025 📍 Amsterdam

- Strong Skills in Pure Mathematical Logic
- Logical & Mathematical Foundations of AI

BSc. Mathematics

Ludwig Maximilian Universität

📅 October 2022 – October 2025 📍 Munich

- Advanced Model and Set Theory
- Strong Basis in Abstract and Commutative Algebra
- Wide Background in Statistics, Discrete Mathematics & Analysis

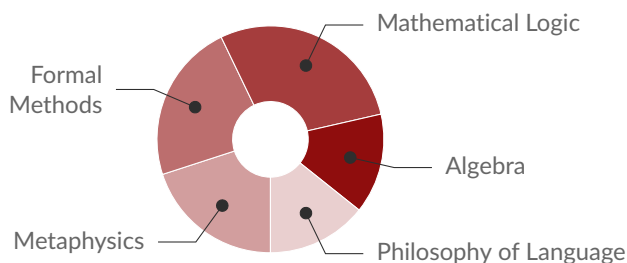

BA. Philosophy

Ludwig Maximilian Universität

📅 October 2022 – August 2024 📍 Munich

- Strong Background in Formal Methods
- Skills & Research in Foundations of Mathematics

A DAY OF MY LIFE

PROJECTS & COMPETENCES

👤 Project in Category Theory & Structuralism

University of Amsterdam

📅 November 2024 - February 2025 📍 Amsterdam

I am organising a research group in the field of Category Theory applied to Structuralism in Philosophy of Physics, this involves students in Logic, Philosophy, Mathematics and Physics.

💰 Finance & Entrepreneurship

📅 February 2022 - Ongoing

- I have taught myself the basis of Finance, Macro-economy and Entrepreneurship both to be sure that I can safely and consciously invest and seize good opportunities when they arise.
- This proved to myself the ability to understand and operate in fields that are completely new to me

MOST PROUD OF

All Organised in My Website

I organised all productive aspects of my life in Obsidian and publish them, the underlined words are linked to it.

Three Degrees in Three Years

A lot of passion allows me to invest a lot of time in my studies.

Variety of Interests

Algebra, Finance, Application & Foundations of AI, Ancient Philology...

STRENGTHS

Always on Time

Motivator & Leader

Excessively Hard Working

Logical Programming & Proof Checkers

Python

LaTeX

LANGUAGES

Italian

English

German

WHAT I'M LOOKING FOR

A job that can:

Teach me New Skills

Give me Responsibility

Expand my Network

Inserts me in a Team

The sectors I am interested in:

Finance & Banking

Teaching

Entrepreneurship & Startups

Theoretical and Applied AI
